

Brown Malt

“The secret behind any London Porter is Brown Malt.”

John Keeling, Brewery Director, Fuller Smith & Turner, London.

BROWN MALT

The secret to a good London Porter.

Beer Styles: London Porter, Mid to Dark Belgian Styles, Brown Ale

Malt Flavour: Coffee Beans

Usage: Up to 10%

Our Brown Malt imparts a rich coffee aroma ideal for Stouts and Porters. It delivers a smooth mouthfeel as well as increasing foam stability. The hue is a deep mahogany that brings warmth and depth to dark beers. Often a forgotten malt.
