"Maris Otter gives me a superior flavour compared to today's modern varieties"

Rob Lovatt, Head Brewer, Thornbridge Brewery

LOW COLOUR MARIS OTTER

Great malt made from Maris Otter will brew an amazing, modern-style beer.

Beer Styles: Light Coloured Cask Ales and IPAs, Premium All-Rounder

Malt Flavour: Light Malty, Fresh

Usage: Up to 100%

If you need a well modified, high performing malt with a low colour, then Low Colour Maris Otter is the perfect choice. This heritage barley variety is used to produce an exceptional quality base malt, with a high extract and enzymic activity and low nitrogen content. Low Colour Maris Otter is kilned at a low temperature, making it perfect for Cask IPAs and Light Coloured Ales.
